Ref: (a) 33 CFR 164.33  
(b) 33 CFR 164.72

1. We have reviewed the book titled "ST. FRANCISVILLE TO PILOTTOWN, THE LOWER, LOWER MISSISSIPPI RIVER" for compliance with the carriage requirements for nautical charts in references (a) and (b). Although the Coast Guard does not endorse nor want to be perceived as endorsing any one commercial product, this publication meets the requirements for charts for vessels transiting the Mississippi River between mile 0 AHP and mile 265 AHP.
2. It is Eighth Coast Guard District's policy to accept the Army Corp of Engineers (ACOE) charts provided within the booklet "ST. FRANCISVILLE TO PILOTTOWN, THE LOWER, LOWER MISSISSIPPI RIVER" as long as the charts are current and have all recent corrections and updates. However, if the charts in the book are not the same scale or detail as the ACOE chart booklet, they will not be acceptable.
3. For any questions contact LT Frank Rego at (504) 589-3049.
